Charges Pile Up For Dansville Youth

Problems continue to mount for a 17-year-old Dansville youth.

Previously charged with third-degree burglary and petit larceny and subsequently arrested for possession of stolen property, a warrant charging him with a second count of possession of stolen property was issued and retained since the youth is presently in Livingston County Jail where he was committed in lieu of \$250 bail on the earlier possession charge.

The youth was arrested by Police Sgt. Kirk Walker following investigation into a break-in on Dec. 24 of a Park Avenue residence in which a video tape recorder, a blank check and \$100 in cash were stolen. His identity is being withheld pending possible youthful offender treatment.

An accounting of that burglary in the Express resulted in a Washington Street resident reporting the theft of a quartz heater and calculator from her home. Walker, going to the youth's residence, said he recovered the property and charged him with possession of stolen property.

A second Washington Street resident called police last Thursday, similarly after reading an account of the arrest in the Express. She reported the theft in December of an AM-FM radio, tape cassette, turntable unit and two speakers from her home.

Walker, on information supplied, obtained a search warrant from Village Justice John J. Weidman, and going to the youth's residence recovered the unit and speakers.

Walker reported the warrant charging the youth with possession of stolen property was issued.

Police — noting that all entries into the private residences were through unlocked doors — reminded villagers to lock their homes, secure all personal items and report to police, immediately, all missing items so they can act on the complaint.

Lawmaker to Meet With Area Residents

Assemblyman John W. Hasper will launch his 1988 community meeting schedule Thursday, Jan. 28, in the North Dansville Town Hall from 7:30 to 9:30 p.m.

Residents of Dansville, Ossian, Sparta, Springwater and West Sparta are invited to attend the first of a series of informal community get-togethers.

"In a district as large as the 136th it is important that I take the opportunity to meet personally with as many constituents as I can reach to discuss issues of concern," Hasper said. "Many of you have opinions and ideas which are very useful to me in developing my agenda and in knowing which way to vote on legislation. I look forward to meeting with as many people as possible over the course of the legislative session."

For those who can't make the meeting, Hasper noted his district office is located at 131 Main St. (P. O. Box 190), Genesee. The telephone number is 243-3210.

Because of an 18th-century Chinese emperor's passion for jade, 1,000 workmen spent three years hauling a 6-ton nephrite boulder, and artisans spent another seven years carving it into an intricate design, says National Geographic.
